## Coming in September!

Bee Contained, a two day workshop new in 2019, will be taught by Betsy Morgan. [Registration form](#) is now available.

Bee Contained is a hexagon shaped etui with 5 smalls – a bee skep pin cushion, a scissor fob, a ruler, a thread winder and a needle book. Once I receive the beeswax sheets I have ordered, it will also contain a thread waxer made with a couple of bee-themed shank buttons. The linen is called Sunshower and is actually a brighter color than it appears in the photos below. The design is worked in Gloriana silk flosses and lined in black silk Dupioni.

The kit fee is \$160 and the kit contains everything needed to complete the design. There will be an additional teaching fee. Plus, there's a story behind the title, but you'll have to take the class to hear the story!

Deadline to register for the workshop is August 1st, 2019. Please fill out and return the registration form below with your class fee.
